Subject: RE: online demonstration of the PFAS Analytical Tools (v2) for Region 10?

Ok, thanks. I'd like to listen in, do you have the meeting info?

Thanks Samantha. Andy Gillespie has scheduled a briefing with Jennifer 10:15 AM this Thur. His note is below:

"Ok, we got on the schedule. I will find a room and set up a link for the demo.

I suggest that I give the overview and drive the demo, I think I know what their concerns will be and I can keep it quick to focus on these.

At the end I'll let them know we are responding to additional briefing requests, and Sam is working with AO to address any lingering risk communication issues."

So, it sounds like he will do the briefing. The latest briefing slides are attached.

Tim

Ex. 5 Deliberative Process (DP)

However, I know that Jennifer is a bit closer to this project than perhaps others. Tim, when is the last time Jennifer was updated/briefed on this?

Samantha

Subject: FW: online demonstration of the PFAS Analytical Tools (v2) for Region 10?

Kay and Wayne,

I wanted to make you aware of this request from Region 10 for an Executive Team briefing on "PFAS Analytical Tools". I clarified with Linda that they are interested in both the OECA tools and ORD National PFAS Data Explorer. Andy Gillespie is aware of this request. Mike Barrette has indicated that he is available. Let me know if OK to accept and if the IOAA needs to know about this.

Thanks.

Tim

Hi Michael and Tim,
I'm wondering if one of you might be available to provide a remote briefing on the PFAS Analytical Tools for the Region 10 Executive Team on March 17?
